Software exclusively for drivers education businesses

Imagine how much simpler your life would be if you didn't have to... schedule/cancel/reschedule drive times, send reminders, take payments, send cancellation notices, and provide instructors with their schedules. Turn your website into a virtual receptionist. Students will love selecting their own drive times. Parents will love being able to access their child's account information. Instructors will love managing their schedules from anywhere. And you? Because you've eliminated the busy work, you'll love spending more time on the important things in your life.

Federal Motor Carrier Safety Administration (FMCSA)

Kirsten Radewagen
Kirsten.Radewagen@dot.gov
www.fmcsa.dot.gov
202-366-2953

As the lead federal government agency responsible for regulating and providing safety oversight of commercial motor vehicles (CMVs), **FMCSA's** mission is to reduce crashes, injuries, and fatalities involving large trucks and buses on our nation's highways.

Foundation for a Drug-Free World

Darren Tessitore
darren@drugfreeworldne.org
www.drugfreeworld.org
888-668-6378

The **Foundation for a Drug-Free World** is a nonprofit public benefit corporation that empowers youth and adults with factual information about drugs so they can make informed decisions and live drug-free.

No one, especially a young person, likes to be lectured about what he or she can or cannot do. Thus, we provide the facts that empower youth to choose not to take drugs in the first place. Additionally, our Truth About Drugs campaign consists of activities that they can join which popularize drug-free living. These activities are simple, effective and can involve people of all ages. The best part is that our program is 100% free for all ADTSEA members!

Moneo Drive

Stephen Clyde
swc@mdsc.com
www.moneodrive.com
435-237-7609

Moneo Drive is revolutionizing driver's education by empowering educators, improving student's participation, and increasing parent's involvement through innovative mobile and online apps.

Instructors can streamline daily processes like: student registration, scheduling, record keeping, and keeping parents informed of their student's progress. Instructors can even access real-time stats on student's supervised drives with their parent.

Parents and students can use the free app for simple recording of their supervised drives. It automatically records each individual drive's duration, location, and the skills practiced. It also tracks total time driven and suggests skills that should be focused on.

ADTSEA REGIONS

Richard Kaywood Memorial Award

Beginning in 1985, and each year thereafter at the annual ADTSEA conference, an award is presented to an individual for outstanding contributions to traffic safety in memory of Dr. Richard Kaywood, who served the Association and traffic safety education for many years. This award is sponsored cooperatively with AAA Traffic Safety.

Dick had a long and productive career, beginning with his work in safety education as an assistant professor of health and physical education at the University of California at Santa Barbara. In 1955, he became the multi-school chairman of driver education in the Anaheim Union High School District. In 1965, he became an associate professor of driver and traffic safety education at California State University at Long Beach. He went on to become a full professor and coordinator of safety and driver education. During his last three years, he also served as interim chairperson of the health science department.

Throughout his life, Dick was a tireless worker and strong advocate for quality driver and traffic safety education programs. Dick Kaywood's life exemplifies the spirit of the words inscribed on the Richard Kaywood Award medallion: Outstanding Contribution – Driver and Traffic Safety Education.

ADTSEA Teacher Excellence Award

In Honor of Dr. Francis Kenel

The American Driver and Traffic Safety Education Association's (ADTSEA) Teacher Excellence Award (TEA) sponsored by The National Road Safety Foundation (NRSF), honors outstanding driver and traffic safety educators.

Dr. Kenel worked as an Industrial Engineer in Traffic Safety and was the National Director of the American Automobile Association for Highway and Traffic Safety. He was a member of the American Driver and Traffic Safety Education Association and taught at the University of Maryland at College Park, Illinois State University in Normal, Illinois and Michigan State University in East Lansing, MI. He also worked with the Illinois High School and College Driver Education Association. He was a Consultant for Brazil and Portugal, engineering their road systems and traveled all over the United States as a Police Pursuit Instructor.

Dr. Francis Kenel was a mentor to many driver education teachers. He authored materials on teacher training and beginning driver education. Dr. Kenel was a constant resource to the ADTSEA staff, officers and members.
