FUN FACT: Despite its name, Texas Pete has always been manufactured in Winston-Salem, North Carolina. In 1929, Sam Garner and his sons were deciding on a name for their Dixie Pig barbecue sauce. An advisor suggested "Mexican Joe," but Sam insisted on an American name, choosing "Texas" for its reputation with spicy foods, paired with his son Harold's nickname, "Pete".

The Association for Driver Rehabilitation Specialists (ADED), a 501(c)(3) nonprofit, promotes safe and independent community mobility. ADED's professional members assist drivers with disabilities and aging. ADED has created a Best Practice Guidelines for the Provision of Driver Rehabilitation Services publication and is the only organization to offer the Certified Driver Rehabilitation Specialist (CDRS) certification, and the Driver Rehabilitation Professional (DRP) micro credential. Especially with the driving instructor/trainer in mind, ADED also offers a Specialized Instructor Badge, a curriculum-based pathway that provides education and mentorship for training drivers with disabilities. ADED offers its members continuing education, networking, mentoring, and a quarterly newsletter. Non-members and those interested in working in the field of driver rehabilitation are welcome to attend ADED courses, workshops, and annual conference.

CUMBERLAND VALLEY VOLUNTEER FIREFIGHTERS ASSOCIATION

The **Cumberland Valley Volunteer Firefighters Association (CVVFA)** is a nonprofit organization established in 1901 to connect, train, and protect emergency responders. Primarily operating across Pennsylvania, Maryland, Virginia, West Virginia, and Delaware, the CVVFA is headquartered in Harrisburg, PA.

Emergency Responder Safety Institute (ERSI): Created as a CVVFA committee, ERSI is a highly influential advisory panel dedicated to reducing injuries and fatalities for highway incident responders. ERSI operates the Responder Safety Learning Network, which provides free online training to hundreds of thousands of responders.

The CVVFA advocates for the general improvement of the fire service, promotes public fire safety awareness, and fosters mutual aid systems across its five founding states.

Welcome 2026 Exhibitors

Imagine how much simpler your life would be if you didn't have to... register students for classes, schedule/cancel/reschedule drive times, send reminders, take payments, fill out state forms... Let your website automate these tasks and many more. Parents and students will love selecting drive times. Instructors will love managing their schedules. And you? Because you've eliminated the busy work, you'll love spending more time on the important things.

Over the past 12 years, we've transformed hundreds of driver ed businesses across the US and Canada with our robust driving school management software. Whether you're a school with 20,000 or 200 students, you'll receive the same exemplary service that all of our customers appreciate.

Become part of the ever growing DES family. Schedule a demo today at https://www.driversedsolutions.com/.

The **DriveSafe Initiative (DSI)** is revolutionizing teen driving safety and decision-making. It uses AI cameras and informed parental accountability to create a lifesaving step between new driver education and full driving independence. When combined with quality driver education, DSI reduces risky behavior in teen drivers by 70%. The vast majority of teen fatalities result not from inexperience, but from choices: not wearing a seatbelt, speeding, or using a phone. AI cameras become the BTW instructor for the first years of teenage driving, delivering commands like "Slow Down", "Put Down Your Phone", or "Put On Your Seatbelt." If the driver doesn't comply, a video is captured and delivered to the parents' app, requiring them to coach the behavior with their teen. Driving schools partnering with DSI will have the safest students on the road and receive incentives for every student they refer to the program. Help us save teen lives through smarter driving decisions!
https://www.drivesafeinitiative.com/

The **Driving School Assocation of the Americas (DSAA)** is an international association of driving school owners. Educators come from all over the globe to associate with Traffic-Safety-Minded professionals.

Our membership is comprised of driving school owners, including entrepreneurs, public and private school teachers, drive test examiners, transportation and safety experts. Most members work across the United States and Canada, though several other countries are represented, as well.

Our members share ideas, learn educational methods, discover the latest in vehicle technology and introduce products to help make our businesses thrive. They also get discounts on DSAA events, have an insurance program, save with merchant services and car buying programs, find advocacy with state and provincial government as well as build connections with other professionals in the traffic safety industry. https://dsaa.org/

U.S. Department of Transportation
Federal Motor Carrier Safety Administration

The **Federal Motor Carrier Safety Administration (FMCSA)** mission is to reduce crashes, injuries, and fatalities involving large trucks and buses. FMCSA develops and enforces data-driven regulations that balance motor carrier (truck and bus companies) safety with efficiency; harnesses safety information systems to focus on higher risk carriers in enforcing the safety regulations; targets educational messages to carriers, commercial drivers, and the public; and partners with stakeholders including Federal, State, and local enforcement agencies, the motor carrier industry, safety groups, and organized labor.

FMCSA provides a variety of educational resources designed for driving instructors, parents, and others who teach young drivers. The information and tips help drivers understand large trucks and buses and the safe driving behaviors needed around them. https://www.fmcsa.dot.gov/

Welcome 2026 Exhibitors

The Foundation for a Drug-Free World is a nonprofit public benefit corporation that empowers youth and adults with factual information about drugs so they can make informed decisions and live drug-free. In the past 15 years our accomplishments have been many! Here are just a few:

- We have partnered with 1,800 government, nonprofit and community organizations.
- We now have over 200 groups and chapters around the world.
- Our materials have been translated into 26 languages and disseminated to 196 Countries!!
- Our new online courses have over 131,000 completions!
- Our materials are used by over 30,000 schools and universities.
- We helped millions to learn about the truth about drugs utilizing our educational materials to create a drug free society.

And the best part is that our program is 100% free for all educators!

Keepr Drive is a proactive, in-vehicle accountability tool built to help families and individuals get ahead of impaired driving before it starts.

Keepr Drive integrates the discreet Keepr® breathalyzer directly to a vehicle's ignition via Bluetooth. When enabled, the car only starts after the driver provides a breath sample below a threshold set by a parent, guardian, or accountability partner.

With customizable testing schedules and real-time results logged and shared through the companion app, Keepr Drive does more than block a start. It supports building safer habits behind the wheel.

For the educators shaping new drivers every day, it's a practical tool to empower the drivers they teach to carry classroom lessons into the car.

Learn more at https://yourkeepr.com/products/keepr-drive-bundle or contact us at partnerships@yourkeepr.com

For more than 35 years, **LifeSafer** has led the way in vehicle safety innovation.

Today, we are proud to be at the forefront of active Intelligent Speed Assistance (ISA) technology, an aftermarket speed prevention device that can help reduce traffic fatalities and increase road safety through real-time speed limiting.

For more information, please visit www.lifesaferisa.com.

National Rail Safety Alliance (NRSA) is a non-profit organization providing public education programs and outreach to prevent collisions, injuries, and fatalities at highway-rail grade crossings and around railroad tracks. Every year hundreds of people die needlessly on or around railroad tracks. Providing rail safety awareness is fundamental to everything we do. NRSA delivers rail safety messages to the public to achieve the goal of saving lives and keeping families whole.

Welcome 2026 Exhibitors

The **National Road Safety Foundation, Inc. (NRSF)** is a non-profit charitable organization that has been dedicated to reducing crashes, deaths, and injuries on our nation's highways by promoting safe driving habits through greater public awareness for over 60 years.

NRSF produces documentaries, educational resources, and public service campaigns for use in safety, educational and enforcement programs by police, teachers, traffic safety agencies, healthcare professionals, youth advocacy groups and other government and grass-roots agencies. NRSF free resources deal with distracted driving, speed and aggression, impaired driving, drowsy driving, driver proficiency and pedestrian safety. The Foundation also works with youth advocacy groups and sponsors contests to engage teens in promoting safe driving to their peers and in their communities.

For information or to download free resources, visit https://www.nrsf.org/

SADD's mission is accomplished by creating, equipping, and sustaining a network of student-run chapters in schools and communities focused on peer-to-peer education. SADD fosters a sense of belonging and promotes resiliency, leadership, and advocacy skills so that young people make positive decisions that will carry them throughout life.

Visit us at https://www.sadd.org/ for information on getting a chapter started, resources tailored for your area, and mobility safety programming opportunities with SADD staff & members around the globe that could benefit your students.

As experts in online driver's education, we have built a portfolio of state approved courses fit for any program across the country.

Choose from one of these ready-made courses, or customize a course to match the level of attention and dedication you provide in every other aspect of your students' education.

Our course development services and software can help you build, manage, and deliver the best in driver education content.

As a leading industry authority in North America,

U-Haul and its team of experts have developed an interactive "Safe Trailering" program to help educate government, education, and industry groups. U-Haul provides these materials and experiences as a public service, free of charge. ADTSEA incorporated much of the "Safe Trailering" program content into a driver education supplemental *Unit A – Travel Planning, Loading, Towing and Driving Special Vehicles* available on the ADTSEA website under Driver Ed Curriculum and Resources. U-Haul is a proud corporate member of ADTSEA and a sponsor of NSSP.

Virtual Driver Interactive (VDI) is a leading provider of driving simulators for schools, corporate fleets, and safety programs nationwide. Based in New Jersey, VDI offers comprehensive training programs that help students build skills behind the wheel and train for dangerous scenarios that otherwise cannot be taught safely.

Schools and driving schools rely on VDI's gold-standard training software, Virtual Driving Essentials™ to optimize instruction, engage students, and ultimately, save lives. The VDI software suite includes revolutionary new features such as reaction time measurement, real-time violation tracking, a web-based parental companion program and both pre and post assessment drives to prove a student's measurable results.

For more information about VDI's simulation-based driver training, go to www.driverinteractive.com.

Zutobi is a leading EdTech company transforming driver education since 2018. With over 10 million downloads and 250,000+ monthly users, the Zutobi Drivers Ed app is the largest in the U.S.

Zutobi Instructor is the all-in-one solution for driving schools. **The Ultimate School Management System** simplifies scheduling, student tracking, payments, reminders, and online booking, reducing admin work. **Ready-to-Use Learning Material**s feature a 50+ lesson curriculum, engaging videos, and driving simulations to increase retention and reduce student anxiety. **The Parent-Teen Training Guide** offers 33 structured lessons, 50+ videos, and progress tracking, empowering parents and generating additional revenue.

Distinguished Service Award

Beginning in 2025, an award is presented at the annual ADTSEA conference to recognize individuals who have made major contributions to driver education and traffic safety at the national level over a period of decades. Award recipients can be members of ADTSEA, but the award is geared more towards non-members who would not be eligible for the Kaywood Award. There are people outside of ADTSEA that have made major contributions to driver education and traffic safety that cannot be members of ADTSEA, including NHTSA employees, state administrators, etc.

ADTSEA Teacher Excellence Award

ADTSEA's Teacher Excellence Award honors outstanding driver and traffic safety educators. The Teacher Excellence Award is sponsored by The National Road Safety Foundation, a strong supporter of driver education for more than 60 years and is in honor of Dr. Francis Kenel, a long time member of ADTSEA.
