Welcome 2026 Exhibitors

Established in 1902, **AAA** provides safety and security to more than 62 million members across North America. Since creating the first driver education curriculum in 1935, AAA has been a leader and advocate for safe mobility. Our How to Drive curriculum, now in its 15th edition, is the only officially endorsed curriculum by ADTSEA and meets ADTSEA's strict standards for both content and delivery.

AAA National Office

The Association for Driver Rehabilitation Specialists (ADED), a 501(c)(3) nonprofit, promotes safe and independent community mobility. ADED's professional members assist drivers with disabilities and aging. ADED has created a Best Practice Guidelines for the Provision of Driver Rehabilitation Services publication and is the only organization to offer the Certified Driver Rehabilitation Specialist (CDRS) certification, and the Driver Rehabilitation Professional (DRP) micro credential. Especially with the driving instructor/trainer in mind, ADED also offers a Specialized Instructor Badge, a curriculum-based pathway that provides education and mentorship for training drivers with disabilities. ADED offers its members continuing education, networking, mentoring, and a quarterly newsletter. Non-members and those interested in working in the field of driver rehabilitation are welcome to attend ADED courses, workshops, and annual conference.

Imagine how much simpler your life would be if you didn't have to... register students for classes, schedule/cancel/reschedule drive times, send reminders, take payments, fill out state forms... Let your website automate these tasks and many more. Parents and students will love selecting drive times. Instructors will love managing their schedules. And you? Because you've eliminated the busy work, you'll love spending more time on the important things.

Over the past 12 years, we've transformed hundreds of driver ed businesses across the US and Canada with our robust driving school management software. Whether you're a school with 20,000 or 200 students, you'll receive the same exemplary service that all of our customers appreciate.

Become part of the ever growing DES family. Schedule a demo today at www.driversedsolutions.com.

The National Road Safety Foundation, Inc. (NRSF) is a non-profit charitable organization that has been dedicated to reducing crashes, deaths, and injuries on our nation's highways by promoting safe driving habits through greater public awareness for over 60 years.

NRSF produces documentaries, educational resources, and public service campaigns for use in safety, educational and enforcement programs by police, teachers, traffic safety agencies, healthcare professionals, youth advocacy groups and other government and grass-roots agencies. NRSF free resources deal with distracted driving, speed and aggression, impaired driving, drowsy driving, driver proficiency and pedestrian safety. The Foundation also works with youth advocacy groups and sponsors contests to engage teens in promoting safe driving to their peers and in their communities.

For information or to download free resources, visit <https://www.nrsf.org/>.

Richard Kaywood Memorial Award

Beginning in 1985, and each year thereafter at the annual ADTSEA conference, an award is presented to an individual for outstanding contributions to traffic safety in memory of Dr. Richard Kaywood, who served the Association and traffic safety education for many years. This award is sponsored cooperatively with AAA Traffic Safety.

Dick had a long and productive career, beginning with his work in safety education as an assistant professor of health and physical education at the University of California at Santa Barbara. In 1955, he became the multi-school chairman of driver education in the Anaheim Union High School District. In 1965, he became an associate professor of driver and traffic safety education at California State University at Long Beach. He went on to become a full professor and coordinator of safety and driver education. During his last three years, he also served as interim chairperson of the health science department.

Throughout his life, Dick was a tireless worker and strong advocate for quality driver and traffic safety education programs. Dick Kaywood's life exemplifies the spirit of the words inscribed on the Richard Kaywood Award medallion: Outstanding Contribution – Driver and Traffic Safety Education.

ADTSEA Teacher Excellence Award

In Honor of Dr. Francis Kenel

The American Driver and Traffic Safety Education Association's (ADTSEA) Teacher Excellence Award (TEA) sponsored by The National Road Safety Foundation (NRSF), honors outstanding driver and traffic safety educators.

Dr. Kenel worked as an Industrial Engineer in Traffic Safety and was the National Director of the American Automobile Association for Highway and Traffic Safety. He was a member of the American Driver and Traffic Safety Education Association and taught at the University of Maryland at College Park, Illinois State University in Normal, Illinois and Michigan State University in East Lansing, MI. He also worked with the Illinois High School and College Driver Education Association. He was a Consultant for Brazil and Portugal, engineering their road systems and traveled all over the United States as a Police Pursuit Instructor.

Dr. Francis Kenel was a mentor to many driver education teachers. He authored materials on teacher training and beginning driver education. Dr. Kenel was a constant resource to the ADTSEA staff, officers, and members.
