[Click Here to Register Now!](#)

- **Advanced Driver Assistance Systems (ADAS) and the Role of the Driver Educator – 4.5 hours**

Certificates of Participation for 4.5 Hours will be emailed to registered attendees.

Membership is drawn from driver education professionals who teach in public, private, and driver training schools. We hope you find the information and links useful in your quest to provide young drivers with the skills needed to drive a motor vehicle safely.

**Become a Member of KDSEA and ADTSEA for \$60**

## WHAT CAN KDSEA DO FOR YOU?

- Organize and provides the Annual Conference
- Speak as a group that can affect legislative activities in Topeka
- Support the National Organization - They need serious support from all its members!
- Recognize fellow members for years of service
- Provide funds to help send the Association president to the National ADTSEA Conference
- Write letters or makes calls to individual legislators
- Assist at the regional driver education meetings
- Provide meals at executive board meetings
- Provide members for committees that serve on State Department writing teams
- Interpret the purpose and programs of driver education to the public
- Work in harmony with the KSDE and the Driver Education Advisory Board to promote changes in rules and regulations affecting driver education programs
- Hosted National Conference (American Driver Traffic Safety Association ADTSEA) 1962,2002,2014, 2023 - helps bring in much needed revenue for our State.

KDSEA is a Driver Education Safety Association with the mission to improve the quality of driver education and provide effective instruction to drivers in Kansas.
